Independent Auditor's Report

We have audited the accompanying statement of revenues, expenditures, and excess fees - regulatory basis of the County Sheriff of Casey County, Kentucky, for the period January 6, 2003 through December 31, 2003. This financial statement is the responsibility of the County Sheriff. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for County Fee Officials issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the County Sheriff's office prepares the financial statement on a regulatory basis of accounting that demonstrates compliance with the laws of Kentucky, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the revenues, expenditures, and excess fees of the County Sheriff for the period January 6, 2003 through December 31, 2003, in conformity with the regulatory basis of accounting.

The Honorable Ronald Wright, Casey County Judge/Executive
The Honorable Jerry Coffman, Casey County Sheriff
Members of the Casey County Fiscal Court

In accordance with Government Auditing Standards, we have also issued our report dated December 8, 2004, on our consideration of the County Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Based on the results of our audit, we have presented the accompanying comments and recommendations, included herein, which discuss the following report comments:

- Payment Of Late Fees
- Lacks Adequate Segregation Of Duties

This report is intended solely for the information and use of the County Sheriff and Fiscal Court of Casey County, Kentucky, and the Commonwealth of Kentucky and is not intended to be and should not be used by anyone other than these interested parties.

Respectfully submitted,

CASEY COUNTY
NOTES TO FINANCIAL STATEMENT

December 31, 2003

Note 1. Summary of Significant Accounting Policies

A. Fund Accounting

A fee official uses a fund to report on the results of operations. A fund is a separate accounting entity with a self-balancing set of accounts. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fee official uses a fund for fees to account for activities for which the government desires periodic determination of the excess of revenues over expenditures to facilitate management control, accountability, and compliance with laws.

B. Basis of Accounting

Kentucky Revised Statute (KRS) 64.820 directs the fiscal court to collect any amount, including excess fees, due from the County Sheriff as determined by the audit. KRS 134.310 requires the County Sheriff to settle excess fees with the fiscal court at the time he files his final settlement with the fiscal court.

The financial statement has been prepared on a regulatory basis of accounting, which demonstrates compliance with the laws of Kentucky and is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this regulatory basis of accounting revenues and expenditures are generally recognized when cash is received or disbursed with the exception of accrual of the following items (not all-inclusive) at December 31, 2003 that may be included in the excess fees calculation:

- Interest receivable
- Collection on accounts due from others for 2003 services
- Reimbursements for 2003 activities
- Tax commissions due from December tax collections
- Payments due other governmental entities for payroll
- Payments due vendors for goods or services provided in 2003

The measurement focus of a fee official is upon excess fees. Remittance of excess fees is due to the County Treasurer in the subsequent year.

C. Cash and Investments

At the direction of the fiscal court, KRS 66.480 authorizes the County Sheriff's office to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

NOTES TO FINANCIAL STATEMENT

(Continued)

Note 2. Employee Retirement System

The county officials and employees have elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems.

This is a multiple-employer public retirement system that covers all eligible full-time employees. Benefit contributions and provisions are established by statute. Nonhazardous covered employees are required to contribute 5.00 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 6.34 percent for the first six months of the year, and 7.34 percent for the last six months of the year. Hazardous covered employees are required to contribute 8.00 percent of their salary to the plan. The county's contribution rate for hazardous employees was 16.28 percent for the first six months of the year, and 18.51 percent for the last six months of the year.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Aspects of benefits for hazardous employees include retirement after 20 years of service or age 55.

Historical trend information pertaining to CERS' progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Retirement Systems' annual financial report which is a matter of public record.

Note 3. Deposits

The Sheriff maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). According to KRS 66.480(1)(d) and KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the Sheriff and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, and (c) an official record of the depository institution. These requirements were met, and as of December 31, 2003, the Sheriff's deposits were fully insured or collateralized at a 100% level with collateral of either pledged securities held by the Sheriff's agent in the Sheriff's name, or provided surety bond which named the Sheriff as beneficiary/obligee on the bond.

Note 4. Drug Enforcement Account

During 2003, under the terms stipulated by the United States Department of Justice and the Commonwealth of Kentucky, the Sheriff's office received proceeds emanated from the confiscation, surrender, or sale of real and personal property involved in drug related convictions. These funds are to be used for law enforcement activities against drugs. During the period January 6, 2003 through December 31, 2003, \$8,131 was transferred from the former Sheriff's Drug Enforcement Account to this Account, and an additional \$1,271 was received. Disbursements were \$3,353 leaving a balance in the account as of December 31, 2003, of \$6,049.

COMMENTS AND RECOMMENDATIONS

CASEY COUNTY
JERRY COFFMAN, COUNTY SHERIFF
COMMENTS AND RECOMMENDATIONS

For The Period January 6, 2003 Through December 31, 2003

STATE LAWS AND REGULATIONS:

Payment Of Late Fees

Per Technical Audit Bulletin No. 93-001, any penalties for late payments are subject to an audit comment. Late fees totaling \$223 were paid during the year. These are not allowable expenditures of the Sheriff's office, nor do they appear to meet the required "reasonable and necessary expenditures to operate the Sheriff's office." We recommend the Sheriff reimburse the Casey County 2003 fee account in the amount of \$223 from personal funds for the above disallowed expenditures.

Sheriff's Response:

The Sheriff will reimburse the fee account \$223.

INTERNAL CONTROL - REPORTABLE CONDITION:

Lacks Adequate Segregation Of Duties

We recognize the extent of segregation of duties is a judgment established by management. We also recognize this judgment is affected by certain circumstances beyond the elected official's control such as functions prescribed by statutes and regulations, and by budgetary constraints. Due to limited staff, a proper segregation of duties is hereby noted as a reportable condition pursuant to professional auditing standards. We believe this reportable condition as described above is not a material weakness. We recommend the Sheriff establish a proper segregation of duties over his operations. In order to offset this internal control weakness, the Sheriff should have assigned duties to another deputy/employee. Duties that should have been segregated include preparing deposits, reconciling bank statements, opening mail, and preparing and distributing checks. The other deputy/employee should have documented performing these duties by initialing and dating documentation.

Sheriff's Response:

Will attempt to comply with this recommendation.

INTERNAL CONTROL - MATERIAL WEAKNESSES:

None.

COMMENTS AND RECOMMENDATIONS
For The Period January 6, 2003 Through December 31, 2003

PRIOR YEAR:

The Former Sheriff Should Have Maintained Proper Documentation For All Expenditures And No Late Fees, Finance Charges, Or Credit Card Fees Should Have Been Paid From Excess Fees

The proper documentation comment appears to have been corrected for the current year audit. However, the payment of late fees has been repeated in the current year audit.

The Former Sheriff Should Not Have Used Public Funds For Personal Expenditures

This comment appears to have been corrected.

The Sheriff's Office Should Follow Proper Payroll Procedures And Accurately Reflect Expenditures Of The Office

This comment appears to have been corrected.

Lacks Adequate Segregation Of Duties

This comment has been repeated in the current year audit.

Report On Compliance And On Internal Control
Over Financial Reporting Based On An Audit Of The Financial
Statement Performed In Accordance With Government Auditing Standards

We have audited the statement of revenues, expenditures, and excess fees - regulatory basis of the Casey County Sheriff for the period January 6, 2003 through December 31, 2003, and have issued our report thereon dated December 8, 2004. This was a special report on the County Sheriff's financial statement prepared in accordance with a basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Casey County Sheriff's financial statement for the period January 6, 2003 through December 31, 2003 is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under Government Auditing Standards and which is described in the accompanying comments and recommendations.

- Payment Of Late Fees

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Casey County Sheriff's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statement and not to provide assurance on the internal control over financial reporting. However, we noted a certain matter involving the internal control over financial reporting and its operation that we consider to be a reportable condition. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the entity's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statement. This reportable condition is described in the accompanying comments and recommendations.

- Lacks Adequate Segregation Of Duties

Report On Compliance And On Internal Control
Over Financial Reporting Based On An Audit Of The Financial
Statement Performed In Accordance With Government Auditing Standards

Internal Control Over Financial Reporting (Continued)

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statement being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe the reportable condition described above is not a material weakness.

This report is intended solely for the information and use of the County Sheriff and Fiscal Court of Casey County, Kentucky, and the Commonwealth of Kentucky and is not intended to be and should not be used by anyone other than these specified parties.
